

With over 45,000 square feet of commercial office space, A Perryville Place is the perfect location for the creative professional to set up shop. The upper levels have flexible floor plans which allow businesses to tailor their space to fit specific needs. This is a great environment for architects, engineering firms, financial institutions, law firms, health care companies or other professional businesses. Your office space can grow as you grow your business.

As a valued part of the growing family at A Perryville Place, you'll also enjoy many other amenities including ample preferred parking and direct access for all your employees and clientele.

Traditional office space sizes start at 800 square feet and range all the way to 45,000 square feet; with contiguous space of 7,500 square feet. From your first call, you'll find our account managers experienced, informative, and helpful. We will work with you every step of the way — we'll even help you get set up with phone, video, internet, or other services so you can move in quicker, and get working faster.

Contact our property manager at (815) 636-2309. We will be happy to give you all the information on office space currently available. You can also reach us via [email](#).
